Title: NOCT Official Soundtrack
Genre: Action, Indie
Developer:
C3SK, Robin Finck, Pedro Pimentel
Publisher:
Devovler Digital
Release Date: 28 Oct, 2015

a09c17d780

English

Haven't played the game yet, but if it's anything like the soundtrack, it's clearly *phenomenal*. Seriously one of the best moody instrumental albums I've heard in a long time; and believe me, I listen to a lot of moody instrumental albums these days.

Value-wise: sure, it ain't cheap, but it's long. So it's up to you whether you wait for a sale. But if you dig largely ambient soundscapes with the occasional genuinely affecting melody: an absolute must-buy.

Verdict: 9.5/10.
